Network of Childhood Resources in the St Louis Area

Introduction	User Guide	Background Data	Facilities

Welcome to the Network of Childhood Resources in the St Louis Area, a 2020 Pennsylvania State University World Campus capstone project by Mandy Ann Klein. This document is intended to help users navigate the dynamic capabilities of the project dashboards.

Use the caption boxes, located at the top of the project to navigate between topics/dashboards.

Introduction	User Guide	Background Data	Facilities
- **Introduction** – a brief introduction to the background of the project, the motivation for the project, the audience for the project, and the problem to be addressed by project
- **User Guide** – a basic user guide to help a user of the project to better navigate the various dashboards and project dat.
- **Background Data** – a dashboard with graphic representations of background data providing context for the rest of the project.
- **Facilities** - A dashboard that showcases an interactive map, allowing a user to filter geospatial representations of the data by attribute information, such as child care sites, hospitals, federally qualified health centers, WIC office location, and locations participating in the vaccine providers for children program.

The lower right of the project contains tools that apply to the entire project.

← = Undo – undo action(s) performed on the project.

→ = Redo – redo action(s) performed on the project.

|← = Reset – reset the project to the initial default.

⊷ = Share – a pop up appears with embed code and a link of either the Current View or Original View to share.

⊡ = Download – a pop up appears with options of what to download.
